

Hanoi, 9th March 2023

Bonjour Valued Partners,

We sincerely hope we all have had good start for 2023 and solid base for the rest of the year and further.

We are excited to share with you the historical Metropole wing renovation progress. We have essentially finalized mock-up rooms and the room type benefits schedule. The renovation should be completed before early January 2024. In fact, we are hoping to get at least 46 units into operation from mid-October 2023. We are super pleased with design of the renovated wing including room, suites, corridors and landings. The Metropole wing will be without question the **leading product in the Hotel Metropole Hanoi**.

We have also completed the pricing set up for the new room types moving forward. This includes the new FIT leisure contract rates covering the period **from 1 Apr 2023 to 6 Jan 2025**. **This contract will replace previous contract** and take effective for new bookings made from 15th March 2023 onwards. This is necessary because we now have new rooms and room types that need to fit into the overall Metropole pricing set up.

Please keep in mind we will have now 4 types of rooms in the Metropole wing – Luxury rooms, Grand Luxury rooms, **Metropole suites (these are new and we have 6 of these – bedroom and connecting living room with pull out bed – these were previously the connecting pairs of rooms)** and the 3 Legendary suites. All rooms in this wing will have the option of a gourmet a la carte breakfast in the fine dining French restaurant Le Beaulieu. Those in the Grand Luxury rooms and up will also have the privilege to have high tea in Le Club Bar as well as a complimentary in room minibar inclusive of a small wet bar.

The Opera wing has no changes and contains the entry level Premium rooms, Grand Premium rooms, the Prestige suites and the Grand Prestige suite. The Grand Premium room and suite come with access to the Club Metropole Lounge.

As usual, we will include you in the weekly free sell report concerning hotel availability.

Remember, the Metropole Wing bedrooms are currently closed and will be under renovation through the end of December 2023 – we may get a block of rooms back mid-October.

Public areas, the entire Opera wing and all outlets or facilities in the entire hotel remain open as usual during renovation and are accessible. The Le Beaulieu French fine dining restaurant and the adjacent La Terrasse have just completed full renovation (April 2022) and are in normal operation. There is absolutely no disturbance from the Metropole wing renovation and only the bedroom floors are closed.

Please return your signed contract to activate the rates. Please feel free to contact us should we be of further assistance and information. Together we look forward to an amazing post-covid future!

Legendary regards,

Van
